

Dispensation Request from Cllr Janet Searle on 27 January 2020

Dear Council

At your meeting of February 6th 2020, I would like to request dispensation to take part in any discussion held by the council and to vote on any council business matter regarding the issue of flooding in the village especially as it pertains to the installation of any measures intended to alleviate the problem, including but not restricted to the installation of a further or a larger attenuation pond in the Old Banwell Road playing fields.

I would like this dispensation for a period equal to the time I serve as a Parish Councillor or 4 years whichever is longer.

I request this because my house is one of several that has been flooded in the past. We have taken measures to protect the house but the garden still floods at the front. I therefore could be seen to have a pecuniary interest in the outcome of discussion and voting.

Yours sincerely

DECISION:

Dispensation Given: YES LENGTH OF DISPENSATION: for a period not exceeding 4 years

Date: 6th February 2020 Minute Number: C192 b) i)

Signed: *D Tremlett* Clerk to the Council
