

Dispensation Request from Cllr Carl Prosser on 28 January 2020

Dear Councillor's, I am requesting dispensation to allow me to continue to work on the flooding working group and to be part of the OBRPF subcommittee. This would include the input of findings/ Data and opinions and also the right to vote.

As you are all aware my house was effected by the flooding although I have made provisions to reduce the risk to myself, my neighbours are still effected and if I can help to reduce the risk further I would like to do so.

I believe that I can request up to a period of 4 years so I request that this is the case so that we do not keep coming back to this. Therefore the dispensation request would be until February 2024.

I hope this clarifies my position.

Regards

Carl Prosser
