E196 Old Banwell Road Playing Field:

- a) Changing Rooms – Lighting – To receive a quote for the replacement of inside and outside lighting – this quote was not accepted as the Committee had additions to the specification. This was the only quote the Clerk had obtained as initially it had been an urgent call out as the lights at the changing rooms had failed, repair to one light had been carried out but additional issues with the old fluorescent lighting had come to light. The Clerk had used the company which she normally calls for urgent repairs. The term ‘preferred list of contractors’ had been used within the discussion, Clerk advised that there was a list of contractors (not a ‘preferred list of contractors’) she had inherited from her predecessor and this is the list she often used when requiring an urgent repair, she also confirmed that the company she had contacted was accredited. **AGREED** that the Clerk obtain three quotations for the supply and installation of 11 LED motion sensored lights and the replacement of 1 external bulkhead light. Volunteers to come forward to meet with Contractors.
AGREED ‘Preferred List of Contractors’ discussion to be an agenda item for next full council meeting
- b) Car Park :
 - Receive quotation for supply of sub base stone and compact for pot holes **AGREED** to accept quotation from N Bartlett for the supply of 20 tonnes of sub base stone level and compact in pot holes £850 plus VAT
 - Future maintenance: Members discussed the current condition of the car park, that the filling of pot holes was almost an annual occurrence and that a longer term solution be found i.e. car park surface be made fit for purpose and drainage investigated. Cllr Prosser advised that Denis Gedge – Engineer had been contacted to give his expert opinion on what was required. Await Denis Gedge’s finding.
- c) Plan/Projects - Date for Workshop – Date to be confirmed but thought after 17 May, first available Saturday when hall not in use. Clerk to ask Water company if they had any future works in the pipeline for OBR Playing Field

E197 Playing Field Scale of Charges – Review of charges for 2021/22, it was noted that there had been no increase for 2020/21 **AGREED** to small increase of 10% on existing charges.
